

Keeping Our Future Bright Depends On Your Vote

RE-ELECT STERLING "STONEY" BURKE FOR PRESIDENT OF OLYMPIA FIELDS

*Vote for Constructive Experienced Creative Financial Leadership To
Continue to Protect Our Future*

This is a very important election and it is all about your property values, the taxes you pay, our village's economic future and the trust that you have in your local government. There are three parts to our government's leadership team:

- A Village Manager hired to run our day to day village business
- An elected Village President / Chief Executive Officer
- An elected Board of Trustees that collectively represent the public interest / will of the people and have over-site of the public servants that are employed by the village

This team and their actions are responsible for the current Successful state of The Village Of Olympia Fields and should be Congratulated & Re-Elected.

1. This leadership team protected your investment in Olympia Fields...**Properties Values Are Up.**
2. Tens of millions of dollars have been invested in our community that have helped to enhance your property investment.
3. You should be **Very Satisfied** that the current leadership team has managed your tax dollars effectively and **"Held The Line On Taxes & Water Bills"**.
4. "Promises made **Promised Delivered**" since this management team has been in office.
5. They have demonstrated and delivered that you can **trust and have confidence** that this team is focused on your top priorities?

I'm running to be Re-Elected President of Olympia Fields to make sure that your voice will continued to be heard. *With Your Help I Will...*

- Continue to freeze and stop unwarranted village expenses
- Continue to build a commercial revenue base that will allow the Village to "Hold The Line" on property increases
- Continue working to raise your property values
- Complete the village wide storm water infrastructure upgrades
- Complete the village wide street improvement program ...**All without any incurring additional debt**

Please join me to ensure that our very successful team is re-elected to ensure that we Keep Olympia Fields Future Bright.

Our Future Depends On Your Vote.

Keeping Our Future Bright Depends On Your Vote

Sterling "Stoney" Burke

BIO

Sterling Burke was born in Chicago, Illinois. Upon graduating from Tilden Technical High School, in 1965, he earned over 40 academic and athletic scholarships. He holds a bachelor degree in History and Math from Northwestern University. Sterling has also attended The Wharton School at The University of Pennsylvania and Harvard Business, Finance and Management Development programs. He is a 30 year resident of Olympia Fields, Illinois with his wife of 55 years, Arlene Burke of Evanston. He has served as President and /or Treasurer of The Greens sub-division for 25 years. He is the father of two children and one grandchild.

Currently, Sterling is the Principal of Sterling Aero Enhancement, a consulting firm that provides design, marketing & sales; technical support and builder assist for the experimental and general aviation industry. Customers include aircraft, avionics, power plant manufactures and military contractors. He has designed and built aircraft simulators, and installed glass cockpits for both certified and experimental aircraft. His firm brings a unique blend of over 55 years of innovative technical marketing and implementation experience to the technology explosion taking place in advanced cockpits and engine systems in the aviation industry.

Mr. Burke was Vice President of Marketing and Sales for DeltaHawk Diesel Engines in Racine Wisconsin. He had worldwide responsibility for market development of a newly designed aircraft propulsion system for experimental, certified and military UAVs.

As Senior Partner at the Foster Group, Sterling was responsible for sales, marketing and delivery for the systems consulting group at TFG. Responsibilities included strategy, P&L and daily management of TFG's full-service Information Technology management consulting group. The firm specialized in business continuity, recovery planning, and information systems management and planning, systems evaluations and integration, outsourcing and business process re-engineering.

Sterling enjoyed 32 highly successful years at IBM. He had extensive experience as a Systems Engineer, Finance Industry Product Planner, Finance Industry Consultant and Marketing and Sales Leader. Other duties included IBM Business Unit Executive for the Petroleum Industry, Midwest Region Data Center Manager, IBM / Chicago Urban League Computer Training Center Manager and Staff Assistant to the IBM Midwestern Area General Manager.

Mr. Burke, an Instrument rated pilot with over 3000 hours, is a former Viet Nam era Naval Aviator and has built a high performance experimental aircraft. He was drafted by the Chicago Bulls in 1969 and served as Captain of the U.S. Navy and Military Olympic Basketball Teams. He has received numerous civic and community awards including the "Ten Outstanding Citizens of Chicago Award". He has conducted S.T.E.M. workshops on robotics, aviation, and career management with The South Suburban Chicago Chapter of The Links, Incorporated, Alpha Kappa Alpha Sorority, Christian Men and The Hundred Black Men organizations.

Before retiring from IBM, Sterling represented IBM on education issues with the Illinois Chamber, Chicago Chamber of Commerce and Chicago United. He served as a consultant or member of numerous boards and organizations including The University of Chicago Visiting Committee on University - School Relations, Governor's State University Foundation Board, Vice President of the Illinois Literacy Foundation, Illinois Literacy Resource Development Center, Great Lake Governors Pioneering Partners, Partnership Executive to the Chicago Public Schools, Chicago Public School's Chicago Systemic Initiative Liaison Committee and The United Way of Chicago's agency services board.
